SUMMARY

Java Developer with experience in building scalable desktop & web apps using Core Java, JDBC, JSP/Servlets, and MySQL. Strong in OOP and backend development. Looking to grow as a full-stack developer.

TECHNICAL SKILLS

Language: C,C++,Java, Python || **Web:** HTML, JSP, Servlet

Frameworks: Spring Framework, JDBC, AWT/Swing || **Tools:** Eclipse, NetBeans

Database: MySQL || **Version Control:** Git, GitHub

Concept: Data Structure & Algorithm, Object Oriented Programming (OOP)

EDUCATION

MCA - Devi Ahilya Vishwavidyalaya, Indore

Sep 2024 - May 2026 | CGPA:8.07

BCA - Govt. Holkar Science College, Indore

Nov 2021 - Jun 2024 | CGPA: 8.33

EXPERIENCE

ASE | INTERN | KANTHARIYA TECHNOLOGIES

Jan 2025 - Jun 2025

- Built Tailoring Management System using Java Swing and MySQL.
- Designed MySQL schemas for customer/order/fabric modules.
- Used NetBeans IDE for development and debugging.

PROJECTS

Tailoring Management Software | Java Swing, MySQL

Jan 2025 - Jun 2025

- Desktop app for managing orders, customers, and stock.
- Integrated JDBC backend with efficient UI.
- Enhanced performance with structured data access.

Centralized E-Cell Website | Java Servlet, JSP, MySQL

Mar 2024 - May 2024

- Web platform for E-Cell events and user registrations.
- Secure role-based login for students, faculty, and admin.
- Used JDBC and MySQL for backend.

Attendance Management System | Java AWT/Swing, MySQL

Nov 2023 - Jan 2024

- Modules for attendance, reports, and role-based access.
- Managed backend data via MySQL and intuitive GUI.
